DEPUTIES' MEETING

Wednesday, 25 July 1956

PRESENT: Mr. Dulles, Mr. Wisner, Mr. Amory, Colonel White,
Mr. Helms, Mr. Sheldon, General Truscott, [redacted]

25X1

Mr. Dulles:

Referred to a report by the IG on the [redacted] Project and
comments by [redacted] thereon and passed these papers to
General Truscott for his review and comment. Mr. Wisner noted
the difficulties we are experiencing attempting to disseminate
information obtained from this program. Mr. Sheldon commented
this had also been brought to his attention and undertook to
discuss it with Park Armstrong after he had an opportunity
to talk to [redacted]

Mr. Helms:

[redacted]

Mr. Wisner:

Noted that Amb. [redacted] had requested through
our channels that headquarters report to State on the
[redacted] assigned to [redacted] and
that we had suggested to the Ambassador by cable that he make
this report in person to Henry Holland during his current
visit [redacted]. Mr. Wisner said we had received a subsequent
cable from [redacted] indicating that in all probability he would
not have an opportunity to discuss this matter with Mr. Holland
and would we therefore carry out his original request. The
Director made it clear that CIA would not involve itself as a
third party in reporting on representatives of other Agencies.

The Director said he realized that from time to time for security reasons other departments might wish to use our channels for the purpose of relaying messages from Washington to their field stations and vice-versa, and there was, of course, no objection to this provided the origin of such messages is indicated.

Colonel White:

Reported that The Public Printer had agreed to transfer to CIA that portion of his printing responsibilities now being carried out in the basement of the Administration Building. Col. White commented this would add a few more people to our T/O.

Mr. Amory:

Reported he had been advised by Hanson Baldwin that he would not do his proposed article on Tukhachevsky and that he (DD/I) would try some other military writer.
